

LIBRA

(SEPTEMBER 23 – OCTOBER 22)

Traits and Characteristics

Libra is a sign of beauty and balance. It is ruled by Venus, who is considered to be the king of countenance and beauty. Therefore, a Libra is more interested in beauty aspects.

The sign Taurus is also ruled by Venus, but there is great difference in these two signs. In Taurus, the quality of Venus for material love is more prominent, whereas in Libra, the creative side of Venus is in force. Those born under the Libra sign believe in extracting happiness from life until the last drop and living it to the fullest.

Mentally, Librans can be good judges as they are messengers of peace. They have tact and feel the need to get to the root of any issue. In doing so, they do not spare themselves. Due to this nature, they are found more eager to study Law than other signs.

Librans may participate in public life, and they may also contribute toward the creation of laws. They have full command over language and believe in expressing their views in short sentences and intelligible verbiage.

Although Librans may be lacking in many aspects, they are popular among their friends. They keep themselves away from quarrels and fights. They like to live in the present according to their nature.

Librans are least bothered about their past and future. Once they have chosen their path in life, they always proceed towards success. But... present conditions and situations greatly affect their mind, which swings them in hope and despondency.
