The story begins back in Tom's undergraduate days when he became inspired by his research into the work of various scientists. Exploring the discoveries and theories of Hieronymus, Moray, Priore, and Nikola Tesla, he was intrigued by the existence of an energy that is not part of the electromagnetic spectrum. Taking this as his inspiration, he dedicated himself to a course of independent study in order to better understand the possibilities of this unique energy with the ultimate aim of successfully harnessing it. Tom realized that the scalar energy he was studying has been known to many cultures throughout the ages; it may be referred to as prana, chi, radiant energy, zero-point energy, qi, orgone or eloptic energy. Encouraged by the timeless, all-pervading nature of this fundamental energy source, and after years of experimentation and modification, Tom Paladino developed a unique healing technique using scalar energy called Scalar Light that appears to have the ability to transmute pathogens quickly and painlessly.

This technique uses photographs of people who are seeking relief from the symptoms of pathogenic diseases. Tom Paladino's Scalar Light invention uses a remote passive light energy to influence the human bio field. The transmutation process shows promise in disassembling the agents of disease.

The Scalar Light Instrument operates at the quantum level and is designed specifically to disassemble pathogens such as viruses, bacteria, parasites, protozoans, amoebas, and prions; appearing to eliminate the causative agent of disease. Once the causative agent of a pathogen disease has been eliminated, the symptoms associated with that infection decrease or disappear altogether. There are a number of healing programs, each designed to target different sources of illness. The Pathogen Cleanse healing program seeks to disassemble over 400,000 pathogens for both humans and animals. The Nutrient Therapy program is designed to deliver 347 essential nutrients to living cells. The Bio Energy Balance program harmonizes the body of the person or animal receiving the healing. These programs are continually being developed and new exciting healing possibilities are emerging all the time.

Tom Paladino desires to present to the wider world the possibility that one day, Scalar Light could be viewed as the cure for all bacterial, fungal, protozoan, and viral infections. It is his sincere wish that the world would come to recognize this healing power as a gift from God.

Recent Discoveries:

March 2012 –Tom Paladino was led by a period of intense research to conclude that viruses can likewise be transmuted by the process of broadcasting Scalar Light. He believes that Scalar Energy now appears to be capable of transmuting all pathogens tested to date.

May 6, 2013 – Tom had a breakthrough with the Herpes virus.

August 2013 – Tom increased the power of his Scalar Instrument for the third time in 2 years.

December 2013 – Tom developed the Pathogen Cleanse to include healing from worms, lice, and other parasites.

August 2016 – Scalar Light is now disassembling 400,000 pathogens and assembling 347 essential nutrients.

January 2018 – Natural Foods Therapy established.

October 2018 – Endorphin and Neurotransmitter Therapy established.

January 2019 – Mineral and Precious Stone Therapy established.

Books and Publications

Research

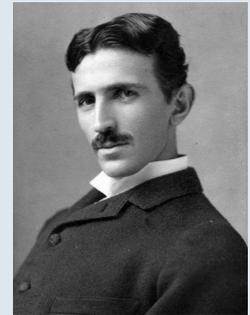

The pioneering work on subtle energy that was conducted by such illustrious scientific minds as Nikola Tesla, Antoine Priore, Thomas Moray, and T. Galen Hieronymus has resulted in published papers and patents that underpin the research of Tom Paladino. Tom essentially began where they left off and now uses his research to work in the arena of better health. In the future, Tom hopes to publish some scholarly articles on the subject, but he is currently focused on working with people to provide better health. Although Tom has not published papers to a scientific authority, foundation, or academic group regarding his research, he has recently produced some booklets about Scalar Energy, its uses, and how it works to eradicate disease. These free e-books can be downloaded and read at <https://www.scalarlight.com/scalar-energy-world>.

The National Institute of Health recognizes that there is an emerging field of study and aims to provide a scientific foundation of understanding for this complex hemodynamic regulation of living systems. The Institute has coined the term "Bioenergetic Therapies" for use when referring to technologies such as Scalar Light. Scalar Light is a non-invasive therapy which interacts with the energetic and informational field which surrounds and pervades all living systems in order to stimulate healing responses.

Information about Tom's mentor, Sara Hieronymus, wife to subtle energy scientist. T. Galen Hieronymus can be found in the book *Secrets of the Soil* by Tompkins and Bird which is available at Amazon.

Over 100 year ago, an inventor by name of Nikola Tesla was a pioneer of scalar energy research...he is also the most suppressed humanitarian in the history of mankind. Tesla discovered that scalar energy offers direct control over nature and perfected the transmission of this Life Force energy.

"The history of science shows that theories are perishable. With every new truth that is revealed we get a better understanding of Nature and our conceptions and views are modified." **Nikola Tesla, Father of Scalar Energy.**

PCR Tests / Testimonials:

"After my Scalar Treatments in April and October 2017 I had the PCR blood test, which turned to negative, thank God!

This was after having had the infection for seven years. All that remains is the tissue damage and autoimmunity affecting my legs, which is slow in going."

(Negative)

My experience is that I have been doing the scalar energy therapy for pathogens, nutrients, and chakra balance since April 2018. Just 4 months. And for the first time In 5 years, I have tested non detectable. For HIV. For the last 5 years it has never been undetectable there has always been a viral load. I know this was scalar energy because I have had blood tests every 90 days for 5 years and could not get the virus controlled. Dr wanted to change meds but I told him let's wait, I'm going to try something. And this was it! I'm so grateful to God and grateful for this healing. Thank you Tom for your passion and dedication to help bring this light to the masses. God bless you.

HIV 1 RNA, QUANTITATIVE REAL TIME PCR (W)

NAME	VALUE	REFERENCE RANGE
F HIV 1 RNA, QN PCR	<20 DETECTED 	NOT DETECTED (copies/mL)
F HIV 1 RNA, QN PCR	<1.30 DETECTED 	NOT DETECTED (Log copies/mL)

- This patient had an HIV-1 RNA viral load below the lower Limit of Quantitation for this assay (20 copies/mL), but above the lower Limit of Detection for the test. Because of the low viral load, we were unable to determine the actual level of the virus in this patient's sample.

- Repeat testing may be warranted, when clinically indicated.

- This test was performed using Real-Time Polymerase Chain

To Whom it may concern, and is possibly curious about the multiple benefits scalar energy has to offer:

The results I have experienced from Tesla's scalar energy and the specific treatments I have received from Tom Paladino are nothing less than profoundly phenomenal!

Second PCR blood test, performed eight months after the first test, confirmed negative for the herpes virus. Since I've been a carrier for over 30 years, this is both testament and proof of the effectiveness of Tom's system.

Additionally, I have been able to cut taking my rheumatoid arthritis medication by more than half of my prescribed prescription, 60% less meds-let there be no doubt-that's measurably huge and majorly impressive!
